We were back in the fishbowl in the ONB Bank Tower. Prez Emily started the meeting at 12:07pm. She greeted everyone with a big smile. We said the pledge to our Flag, Ron said the invocation and then we recited our Optimist Creed.

Ron gave a recap of the trip last week to Camp Carson and presenting a \$2400 check to them. They have almost doubled the size of their dining hall.

Our mean ole sarge, Michael Wall, was back. Dressed in a very nice suit he began to extract money from the members. He started by asking for conscience money. He put in some money

as did Ron Eberhart, Jeff Olson, Michael Burk and others.

Trivia Questions – What was the name of Hugh Hefner's plane? Big Bunny of course. Another one. What was banned in Indonesia for stimulating passion? The Hula Hoop!!

Half-Pot name pulled was Ken Dennis. He was MIA today.

Today was Michael Walls birthday so Emily led us in singing Happy Birthday to him.

Federally mandated and founded in 1980 it works with all licensed nursing homes in Vanderburgh County to give a voice to the patients. As Michelle said, where they live in these facilities is their "HOME". They have rights as residents of these facilities. Many do not realize that they have these rights and the facilities might try and take advantage of them. That's where "Voices" can help give them a voice. Examples are late in answering call buttons from patient, Not getting their medicine on time, Not taking the appropriate number of showers per week. They provide a very valuable service to individuals who might be physically and mentally compromised.
