This organization was founded by Randy and his late wife Ann, it's purpose is to provide a place to gather for families of those stricken with cancer to share their experiences, learn form informative programs and educate oneself about emotional and social response to this all to common disease. Gilda's Club will be located in the former Rose Marie's building. Cancer will affect most of us either as a patient, family member or friend. This community must thank Randy for his dedication to this cause and give him all the assistance possible.
